WORK EXPERIENCE

Svas.pro

April 2021 – Present

Co-founder, CTO

Kochi, India

- Built and maintained a **multi-tenant web platform** using **Next.js**, **TypeScript**, and **Tailwind CSS**, with a **PWA** for seamless cross-device access, along with **RESTful APIs** for the mobile app.
- Designed and implemented **secure authentication**, **real-time features**, and **third-party integrations** to enhance user experience.

QBurst

December 2021 – March 2024

Senior Engineer

Bangalore, India

- Developed and enhanced features for an e-commerce platform of a global fast fashion brand.
- Worked extensively with **React.js**, **TypeScript**, and **Go** to improve performance and user experience.
- Collaborated with multiple teams, ensuring smooth feature rollouts and scalable architecture.

Qubicle

December 2019 – November 2021

Full Stack Developer

Kochi, India

- **Designed and developed** customized single-page **ERP applications** using **Node.js** and **React.js** to automate and enhance daily business operations for clients.
- **Led on-site project delivery in Qatar**, collaborating with clients to gather requirements and successfully implement **React.js** based solutions.
- Built a **multi-language E-commerce web application** with an admin dashboard powered by **Node.js** and **React.js** for efficient management.

Finish Factory

January 2019 – November 2019

Lead Full Stack Developer

Kochi, India

- Led the design and development of a service-oriented **E-commerce web application** using **Node.js** and **React.js** for a seamless user experience.
- Orchestrated the implementation of an **ERP system** using **Django** to streamline and improve business processes.

EDUCATION

Vidya Academy of Science and Technology

2014-2018

NON-Graduate, B.Tech, Computer Science

Kerala, India

Projects:

- Developed a website for an NGO using **Laravel**, featuring a donation portal and a blood donor directory.
- Built an **E-commerce platform** with **React.js** and **Node.js**, integrating an **AR** trial room concept using **OpenCV** and **dlib in Python** for an interactive shopping experience.
